

**SNAKE RIVER WATER DISTRICT**  
**Property Profile Update & Owner Self-Reporting**

The Snake River Water District (SRWD) Board of Directors has instructed staff to review the property profile whenever events occur such as a remodel or a property ownership change.

The EQR accuracy is our goal.

The SRWD Rules & Regulations clearly define EQR values for bedrooms, hot tubs, etc. Please refer to Article III, Section 10 and Appendix A of the SRWD Rules & Regulations which can be found on our website: [snakeriverwater.com](http://snakeriverwater.com)

If the current inclusions are more than established previously with SRWD, the Seller will pay the difference in tap fees at closing, and the quarterly water user fees will be adjusted going forward.

To complete the review, staff will schedule a walkthrough, as needed, with the agent or owner. If the owner does not agree with the assessment of the correct EQR, the owner can request a conversation with our District Administrator.

**Please indicate the inclusions to your property below, sign and date, then return by email, as soon as possible.**

**PROPERTY ADDRESS:**

Account #	Route #
Type	Number
Number (No.) of Bedrooms	
No. <b>Indoor</b> Hot Tubs/Jetted/Bubble	
No. <b>Outdoor</b> Hot Tubs/Jetted/Bubble	
No. of Kitchenettes/Wetbars	
No. of Studios (separate outside entrance)	
No. of Laundry facilities (W/D=1)
